

JAN - MAR 2006

STRAIGHT TALK

"That you may be children of God, blameless and not confused; unblemished in the midst of a crooked and perverse nation, among whom you shine as lights in the world." (Philippians 2:15)

ISLAM AGAINST THE WORLD?

Let us try and correct the twisted view of the world projected by Washington DC and the western news media. An enlightened Muslim recently stated, *"We knew that after the fall of Communism the US Government would soon be looking for a new enemy. We suspected that the Crescent of Islam would become the new emblem of 'the enemy.'"*

Now Muslims are portrayed as the enemies of the West ... much like Russians were portrayed two decades ago. I fell for the spin about Russians back in the 80's, to my discredit. But I'm not about to fall for the current western spin about Muslims. Anyone who does fall for it should be ashamed.

Think about it. Americans once thought of themselves as standing against a One World Order. What does it tell us now that Americans have abandoned that position? Now America not only aligns itself with "the world," but the US Government is the primary international police force deployed to kill and destroy the cultures that don't compromise themselves and join in the New World Order. Today the US Government is enforcing the Beast System much like Saul (later to become Paul) was enforcing the Beast System in Jerusalem in the first century ... before he was directly confronted and straightened out by Jesus.

How should it make Americans now feel to realize they have jumped camps? America now supports and enforces the world system. And the only major group of people in the world now who stand against the world system are NOT Americans! Not Christians! It is THE MUSLIMS!

The West has sold its birthright, and now the only nations who reject the Beast System are a non-Christian nations ... people who don't have the benefit of the light of Christ. How tragic for America – she has lost the light of Christ, and is now working to destroy any and all light everywhere. It is a shameful, stupid and cowardly legacy.

Welcome to the New World of the West. The West is in decline. It is sure and certain. First the US will decline. Then Europe will decline.

THE WEST PAGANIZED

The West once honored the influence of Christ. Today the West is shaped by Central Government and Democ-

racy. Thus, Democracy and Capitalism, not Christianity, is the religion of the West. Government is the West's god. The "abomination of desolation" rules.

Aside from a remnant of true Christians (not the Churchgoers), Islam is the only major body of people who claim connection to the Biblical record. Islam projects its roots back to Abraham, and its teachings with the Old Testament. This gives them an advantage not afforded to any other group in the world ... except true Christianity.

Now with fake Christianity (Mithraism/Churchism) having usurped and displaced true Christianity in the West, Islam's partial connect to the Bible trumps the West's false claims. While Islamic doctrine is twisted by superstition and error, it is not as offensive as the West's Judeo-Churchianity which is based on Babylonian religion. Democracy, as well, is much worse than Islam.

Muslims do not have the tremendous advantage that we Israelites were given – the light of Christ. Thus, God is not judging Muslim nations as critically as He is judging the West.

47. And that servant, which knew his lord's will, and prepared not himself, neither did according to his will, shall be beaten with many stripes.

48. But he that knew not, and did commit things worthy of stripes, shall be beaten with few stripes. For to whomsoever much is given, of him shall be much required: and to whom men have committed much, of him they will ask the more.

Lk. 12:47-48

HISTORY LESSON

Are Muslim nations historical enemies of Christianity? Or is the West's worst enemy its own system of churches, governments and banks? Whom does the record show as the aggressor ... not only against our own people but against the Muslims as well?

Rome empowered and backed the Sanhedrin to oppress Christians in Judea. With Rome's help the Sanhedrin killed Christ and drove his followers out of the area.

Starting in 1096, Europe sent wave after wave of

“Crusaders” against Turks in Palestine ... raping, pillaging and murdering as they went. Nearly 250 years of Crusades failed to rout the Turks, but the European crusaders caused untold misery and destruction everywhere they went.

England continued on and off again to war against Palestine and other Muslim cultures. In 1948 the British Government, in conjunction with the US Government, forced a Jewish Zionist state upon the Palestinians. With US backing, this rogue state, called “Israeli,” has been raping and destroying its Muslim neighbors ever since. In America, Zionist churches (anti-Christ temples of Mithras and Zoroaster) have in a new crusader as President: George W. Bush. Bush is now in the process of destroying nonconformist Muslim nations ... but remains buddy-buddy with the Royal Saudis corrupted and complicit with the West.

The cost to Americans is more than money. We are paying the price of honor and truth. Lies are being traded for truth, and cowardice is replacing honor. Government policy is empowering psychopathic military to murder children, torture innocent people, and destroy poor nations ... while Bush appears on TV claiming to be “saving” the victims by destroying them. While denying that he tortures prisoners he rejects any law that doesn’t suit him ... including the international Geneva Convention that outlawed torture. And yet Americans are proud of their president. Go figure.

Bush says, “We don’t torture.” “We don’t use chemical weapons.” “We don’t target civilians.” But everyone knows he is torturing prisoners, using chemical weapons against innocent people in Afghanistan and Iraq, and intentionally targeting civilians.

In other words, Bush (and his buddies) do any despicable thing their little criminal brains can envision, and then deny it all with bald-faced lies ... and Americans let them get away with it. All the world – except America – sees that Bush is a liar (and a poor liar at that) and a criminal. And all the people of the world except for one group proclaim that Bush is a liar and the foremost terrorist in the world. But Americans divert their eyes and pretend that Bush is a good ol’ boy!

Bush claims he is spreading Democracy around the world. But by definition, Democracy cannot be forced on people by the barrel of a gun ... as Bush claims he is doing. What Bush calls “Democracy” is Imperialism. It amounts to the planting of quisling governments in third-world nations that can then be controlled by Bush, the bankers that own him, and heads of international corporations.

America, in spite of the anti-Christ government that has ravaged her, maintained a Christian image among the common folks for a long time. Now it is gone. The image, as well as the spirit, has been eaten away by monsters in government and devils in pulpits reinventing the meaning of America while Americans grew more and more lazy ... and fell asleep. While Americans grew apathetic, soulless and greedy, the Beast System grew bigger and more powerful within the burgeoning pagan infrastructure of American society.

America has lost her soul! Americans have consented to Bush’s preemptive war methods ... and in so doing have

consented to their own national destruction. I have a message for Bush supporters. “You and Bush are destroying America!”

Bush is driving nails in America’s coffin. In this, Bush is the tool of God ... like Nebuchadnezzar was God’s tool to destroy Babylon. **AMERICA IS GOING DOWN!** And this generation will see it happen.

Who are the terrorists of the world? Muslims? Or the US Government and the bankers who own it?

Tell me, what is it that the Muslims have done, or are doing, that threatens America? Is it wrong for Muslims to try to protect their land from invading hordes of foreigners? Is it wrong for them to reject Democracy? Is it wrong for them to reject perverted western culture and become pawns of bankers and politicians?

Thus, the primary cost of America’s cowardice and idolatry is that we have lost our national conscience and ethical image. However, there is the cost in money as well.

For instance, Bush’s war in Afghanistan and Iraq is costing \$10 billion per month. The US’s total military expense worldwide is \$47 billion per month (\$1.5 billion per day). Thus, we see clearly how the war mongers in Washington DC spend money for war and havoc throughout the world ... but won’t lift a finger to help the American economy.

And since the cost of war has been the main reason for the national debt, let’s take a look at it. The national debt is currently \$8.3 trillion, and increasing at a rate of \$2 billion per day (\$83 million per hour; \$1.3 million per minute). Bush flippantly tosses the words “billion” and “trillion” around like they mean nothing. Can you fathom a “trillion dollars”? In a practical sense, the term means nothing to the common man. It is beyond our comprehension. Congress just OK’d the new “debt ceiling” of \$9 trillion.

If you have trouble relating to a trillion dollars, try thinking in terms of seconds in time. One billion seconds amounts to approximately 32 years. One trillion seconds amounts to 32,000 years. Multiply that by 8.3 and you have 265,000 years – equivalent to the current national debt. To pay the national debt at a rate of \$1/sec it would take 265,000 years. If we raise the payback to \$1million/day, it would take appx. 22,000 years ... providing no more debt is incurred. A trillion dollars is a lot!

American Churchgoers who believe Bush is a Christian ought to ask themselves whether it is Christian to enslave their offspring in debt to the 8,000th future generation and beyond?

Perhaps you thought Bush was spending your tax dollars on his expensive adventures. Well, guess again. Taxes don’t amount to a drop in the bucket. Bush needs MORE! Much more! He is spending DEBT ... not taxes. He has UNLIMITED CREDIT to borrow against the American people. And can you guess who is holding this ever-growing mortgage on you, the American people?

Japan, China, India and Europe.

Does that give you a clue as to who is gaining power ... and who is losing power? The debtor is servant to the lender.

Do you see why I say America, as we know her, is GONE! She is history ... and we sat and watched it happen.

I hope you have another source to believe in, other than the US Government. I hope your faith is in Christ and his Kingship. If not, you are in for a great disappointment.

HYPOCRISY EXPOSED

I had to smile when Bush recently got caught in his hypocrisy. Bush spent 5 years turning weak-minded Americans into raving racists against Muslims. According to him, Muslims are terrorists. They hate America. Then he got caught selling control of six major American sea ports to the government of the United Arab Emirates. When someone leaked this information on national television the public had a fit ... and politicians had to pretend they were offended as well. All politicians are actors and liars.

Of course, Bush never really feared the Muslims. He just lies about them and feigns fear. He has always known that the Muslims are no threat. He has always known that it wasn't Al Qaeda who pulled off the attack on the World Trade Towers on 9-11.

The war on Muslims is about two things: oil, and establishing a permanent military base in the Middle East. Nothing else. The US Government wants to control the oil in the Middle East, and it wants to build military bases and missile sites there ... for future plans against Iran, Syria, and China.

Arabs have proven to be less than favorable partners in sharing world power with the western Superpower. For this reason the Zionist Israeli state was strategically placed in the midst of Arab lands 50 years ago for the purpose of destabilizing Muslim cultures. This methodical process has been going on for a long time. Now, Bush and his people have taken the battle to the next level ... above Israel's capability to create chaos. It is a war against Muslims because they refuse to join the New World Order. It is as simple as that ... regardless what the cowardly prostitutes in the media, the government and the churches tell you.

JUDGMENT

Some folks express worry that if America continues her current downhill path that God's judgment will eventually fall upon her. If you have contemplated this possibility, I have news for you. God has already judged America. That is why she is in the process of self-destruction. It is part of his judgment upon her. America has ignored God too long! She has hypocritically claimed to call upon God, all the while worshipping Capitalism and Democracy (Babylonian religion) and called it "Christianity." God's judgment is well under way and is already taking effect. America murders her babies, tortures innocent people, creates war on children and poor families, lies and covers up truth, destroys her youth through immorality and hopelessness, and hires monsters and maniacs through government to commit horrible atrocities in her name.

We are seeing God's judgment upon the Great Whore of Revelation 17. The Great Whore is the U.S. Government ... and America has worshipped her ... and followed her into the abyss. It is too late!

BUSH THE POSTER BOY

Bush has become the poster boy for Imperialism ... similar to Britain's King George of a couple centuries ago when Britain "ruled the world." Today it is Bush and the US Government that rules the world. He represents duplicity, cruelty and oppression to all the world ... and that image has rubbed off on America as a nation. Thus, the virtues of liberty and Christianity, which the West has always claimed, are today redefined in the person of George Bush. In other words, Bush has forever destroyed the reputation of America. He is the tar baby, and America has stood too close to him. America elected him twice, approved his moronic ravings and mindless wars, and even today refuses to put a stop to him. Bush is our national monster ... like the elephant in the room that no one wants to admit is there. Bush is the emperor with no clothes ... but Americans won't admit it. Americans are as guilty as Bush himself. Like other corrupt empires of the past, America is going down. It is too late. Bush, the government, and America have fallen into the pit they were digging for others.

If you think I'm wrong about this ... so be it. No one can see truth unless God opens their eyes. The remnant of the Saints of Christ must be spiritually separated from the Beast System. They must be able to see what is happening, and understand the blessing of being separate.

HOPE FOR THE REMNANT

Patriots will hate this message. They will continue to hold onto their monstrous idols in government and church. They will continue to willingly blind themselves to the evil of the U.S. Government and its Constitution. Their chickens are coming home to roost. Their crops are maturing into the poisonous fruit that they have sowed.

But for the Remnant, hope resides in Christ and in his Ecclesia. America's demise will only serve to make the true Remnant stand out and become more visible to those of us who have "eyes to see."

Christianity in America (true Christianity) must be distilled out of the corrupt society that has developed in America. What we see happening today is part of that distillation process. It is the plan of God.

God began showing this to me several years ago. I have carried this message to our people, true genetic Israel, for a long time. My writings have reached thousands ... most of whom were loath to repent from their idolatrous faith in Government and Church. To this day, they hold tenaciously to their faith in the Constitution and the U.S. Government. Shame on them! While they wait for God to "cleanse" and uphold the U.S. System (which He will never do) they are losing precious time to do something worthwhile with their lives. They are frittering away their opportunities to stand for what is right and support the work of Christ's Kingdom; as each day passes they are losing their opportunity to take an active role in the Reign of Christ. And each time they reject Christ's call to "come out of her," they are losing more and more of their ability to see the Kingdom that is "at hand" each day. As they stubbornly continue to follow men, they are steadily losing their ability to hear the

call of God.

Americans must put away their idolatry of looking for hope in the U.S. System and the churches which promote compliance and complacency. They must look to Christ. In Christ is our hope! In Christ is hope for the Remnant: the Ecclesia. The ecclesian remnant (the saints) must evolve out of what has been called "America."

"Come out of her my people, and be not partakers of her sins, and receive not of her plagues." – Rev. 18:4

BIRD FLU

For some of you, this warning is not necessary. But for the sake of those who are still lingering behind in the learning curve, TAKE NOTE!

The Beast System is selling fear of Bird Flu. Why are they doing this? What is behind it? Well, if you don't already know from experience, the surest method of finding out what is behind this kind of campaign is to FOLLOW THE MONEY. Who is going to benefit from it? You can bet your boots the common people will not benefit.

The government, the media, the drug industry have been promoting fear and panic about the Bird Flu for better than a year now. They are now admitting that they have been developing a "Bird Flu vaccine" for more than five years. They've spent billions of dollars in this project ... and they intend to finish it ... and make tons of money on it.

I have written on the fallacy of "flu vaccines" in the past. There are many studies out about it. You can find them in libraries or on the internet. Now it appears that the next insult to the general health of Americans will be the Bird Flu vaccine ... which they are already stocking in drug warehouses in quantities sufficient to poison the bulk of American population. And most Americans, blind and stupid, will accept the fear mongering on TV and in church, and obediently (brainlessly) march off to their local clinics to get their share shoved into their blood systems.

"Bird Flu" does not even exist ... except among certain flocks of birds, mostly in Asia. In these cases the "flu" is spread from bird to bird – not from human to human. It is claimed that two or three humans have gotten sick from "Bird Flu" infected birds. But even if that is true, the virus has not spread from human to human ... without which there can be no "Bird Flu pandemic" as purported by the fear mongers.

Also, without laboratory samples of a flu virus that can spread from human to human, vaccine makers cannot make their vaccine. They need laboratory samples of the flue in order to make a vaccine for it. But they have had none.

How, then, have they been making "Bird Flu" vaccine for over 5 years? The "Bird Flu" virus for humans does not exist. Can you see the problem here?

In short, the "Bird Flu" is merely one more episode in the Beast System's ongoing rape of humanity. Those with "eyes to see" will understand. Those without "eyes to see" will line up, roll up their sleeves and receive their poison and death ... and they will deserve it. I'm sorry ... but I can no

longer be sympathetic to people who consistently refuse to ask true and honest questions and seek truth ... and who consistently prefer government lies. Let the government save them and provide for them!

OIL PRICES

Gas prices are slated to rise to unprecedented heights. An inside source told me recently that diesel will be \$4/gal by Labor Day this year. If the monkey in the White House goes ahead and invades Iran (and possibly Syria) then these prices, if not worse, will be almost assured.

When fuel gets that expensive, large parts of the economy will start shutting down ... as sure as night follows day. Oil is used for everything from transportation to plastics. Believe me when I say that whatever affects oil affects everything in the American economy.

Thus, I repeat the advice I gave a few months ago. Don't put trust in the U.S. Dollar. If you wish to invest, if you are fortunate enough to have something to invest, put it in something that is not tied to the U.S. Dollar. Real Estate has been historically safe, but at this time it may not be the best choice when facing the possibility of an economic melt-down. Gold, silver, or precious metals may be a good choice to invest to preserve your savings. Gold is not tied to the Dollar, and its value is determined by world markets.

In the last year Gold has increased in value (based on the U.S. Dollar) by over \$100/ounce. That is approximately a 20% increase. Not bad!

Predictions from reliable sources show the probability of even greater rises in gold in the near future. Again, if the oil market follows expectations, gold will go up. As confidence in oil increases, and confidence in the U.S. Dollar decreases, gold will increase even more.

Gold is a safe investment. With gold you never lose your investment. It is always valuable ... unlike the stock market. Plus, by taking physical possession of gold and silver you can keep it under your control. And if necessary gold can always be converted back into currency easily. Furthermore, gold dealers will sell you gold for cash without requiring records from you, or about you ... thus eliminating the usual paper trail on transactions providing you don't buy it in quantities over \$10,000. This means that you can buy gold with total privacy – something that investors will truly appreciate. Ask your gold dealer about this. If he can't guarantee total privacy of transactions, check around and find one that will.

THE COMING CRASH

With the Beast System going berserk, the probability of hard times coming is great. It is time to start preparing from hard times, if you haven't already started. Get out of debt, store some cash, some food, some fuel ... and start trying to think like a pioneer – a survivor in a hostile environment – a stranger in a foreign land. Prepare as best you can. You'll be glad you did when the time comes.

Pray for repentance in America.

Ben Williams
